Life as a Consulting Engineer

Are you an engineering student looking to get connected with members of industry?

On January 19th, the Engineering Student Society and the Consulting Engineers of Alberta Young Professionals' Group present: 'Life as a Consulting Engineer'

Students will participate in a workshop and hear different types of problems consulting engineers face in various disciplines such as:

- Electrical
- Construction
- Transportation
- Mechanical
- Environmental
- Structural
- Municipal
- Civil

In addition, students will have the opportunity to network with consulting engineering professionals and listen to their experiences as consultants.

Event will include pizza and pop.

Thursday, January 19, 2023
5:00 pm – 6:30 pm
Engineering Lounge, University of Calgary

Please RSVP online, join the conversation, and see why a consulting engineer may be the perfect career for you!
