## Construction New Talent Program – Fall 2023

One of the many benefits of membership with Consulting Engineers of Alberta is funding support to help your workforce investment.

Planning to hire post-secondary students or recent graduates (within the last 12 months) this fall? Eligible student placements include engineering, technology, business, IT. The Construction New Talent Program, a program of the Consulting Engineers of Alberta and Alberta Construction Association, has funds remaining to support additional student placements.

Book your placements soon as current funding runs out by March 2024.

Construction New Talent more than pays for your annual membership dues—receive up to \$5,000 per placement!

The Construction New Talent Program was made possible by funding from the Government of Alberta.
