2. CEA MEMBERSHIP

In 1978, the Consulting Engineers of Alberta was registered as an industry association, making CEA the official voice for the consulting engineering industry in Alberta. In June 1992, the Consulting Engineers of Alberta Act was passed in the Alberta Legislature. This act confers the right to use the title "Member of Consulting Engineers of Alberta" (MCEA) exclusively to the members of CEA.

3. MEMBERSHIP CRITERIA

Each applicant for membership in CEA must satisfy the criteria stipulated in the Consulting Engineers of Alberta Act and Regulations and CEA Bylaws.

- i. A partnership or other association of persons or a corporation that holds a Permit to Practice from the Association of Professional Engineers, Geologists and Geophysicists of Alberta.
- ii. Operate a business offering one or more of the services listed in Schedule 'A' (page 2).
- iii. Maintain permanent facilities and have employees in Alberta, managed by one or more professional engineers.

CEA Code of Consulting Engineering Ethics

Members of CEA shall fulfill their duties with honesty, justice and courtesy towards Society, Clients, other members of CEA and Employees.

SOCIETY

1. Members shall practice their profession with concern for the social and economic well-being of Society.
2. Members shall conform with all laws, by-laws and regulations and with the APEGA Code of Ethics.
3. Members shall satisfy themselves that their designs and recommendations are safe and sound and, if their engineering judgment is overruled, shall report the possible consequences to clients, owners and, if necessary, the appropriate public authorities.
4. Members expressing engineering opinions to the public shall do so in a complete, objective, truthful and accurate manner.
5. Members are encouraged to participate in civic affairs and work for the benefit of their community and should encourage their employees to do likewise.

CLIENTS

6. Members shall discharge their professional and business responsibilities with integrity.
7. Members shall accept only those assignments for which they are competent or for which they associate with other competent experts.
8. Members shall immediately disclose any conflicts of interest to their clients.
9. Members shall respect the confidentiality of all information obtained for and from their clients but shall deal appropriately with any matters which may place the public in jeopardy.
10. Members shall obtain remuneration for their professional services solely through fees commensurate with the services rendered.
11. Members shall promote consulting engineering services in accordance with a qualifications-based selection system endorsed by CEA.

OTHER MEMBERS OF CEA

12. Members shall relate to other Members of CEA with integrity, and in a manner that will enhance the professional stature of consulting engineering.
13. Members engaged by a client to review the work of another Member of CEA, shall avoid statements which may maliciously impugn the reputation or business of that Member.
14. Members shall respect the clientele of other members of CEA and shall not attempt to supplant them when definite steps, including negotiations for an engagement, have been taken towards their engagement.
15. Members, when requesting professional engineering services from other consulting engineering businesses, including Members of CEA, shall promote the use of a qualifications-based selection system endorsed by CEA.

EMPLOYEES

16. Members shall treat their employees with integrity, provide for their proper compensation, require that they conform to high ethical standards in their work and fully understand this Code of Consulting Engineering Ethics.
17. Members shall not require or permit their employees to take responsibility for work for which they are not qualified.
18. Members shall encourage their employees to enhance their professional qualifications and development through appropriate continuing education.
